---

The mission of the Southeast AMHI Regional Management Team is to explore and implement creative and collaborative ways to meet the needs of and improve the quality of life of persons seeking mental health care and treatment. Southeast AMHI meetings are guided by the following values:

- Prioritize building relationships with team members to increase trust and safety.
- Keep conversations positive when addressing concerns.
- Be prepared and be fully present.
- Assume personal responsibility for creating non-judgmental, person-centered environment.
