-Anna- program director at Zumbro-they have open positions

-Tim-SCHR

TEAM BUILDING ACTIVITY- Activity: What is your favorite song? That gives you good vibes, makes you feels good. Outcome: Another fun, great activity

ETHAN McCONKEY and JESSIE-Community Relations Coordinator, Prairie Care, Partial Hospitalization Program (PHP)- Ethan will get the slides to share and Laura can send them to the AMHI email group.

CARLY WHITE- Operations Manager, Nexus Family Healing SERCC- brochures were included with agenda, Carly shared details and examples of the 3 steps for services

1. Assessment
2. Immediate Care Plan
3. Safety and plan upon leaving

Services offered: Crisis Intervention Services, Crisis Residential and Crisis/clinic Bridging Services

Youth are engaged in school via Rochester Public Schools. All school related activity is referred to and connect with their home school so they don't miss out on any credits

Those there are connected with psychiatric care via practitioners that come from Mayo

QR code on back of brochure will take you to their website which will provide more information and details

Outreach efforts with the school systems-shared information kits with education district staff will share with the school districts they serve, staff dropped off packets to schools near their home, etc.

They have created a video tour so that one does not need to go there to know what it is like- video was shared

CIVIL COMMITMENT- County Updates AND changes in Mayo's Commitment Policy- Mower County had a meeting with Mayo, Mayo initiated the connection, just the start of this needed conversation

Discussing acuity at time of presenting at Mayo and then ongoing acuity- such as what are they looking for, what information and details do they need, etc.

Robust discussion with full acknowledgement as to why Mayo felt they needed to take such action while also fully acknowledging the issues with this plan and how the person is at risk,, etc.

Some counties are meeting with Mayo to review specific situations that have taken place where the county feels the person was still in need of that level of care

Some counties have a Crisis Alert form that they use when there is a revocation, or to give LEO's a heads up. Use of such a form would need County Attorney approval- this will be sent out

Future Topics-

Outreach worker from MnPrairie
